

Ag⁺ RapidHeal Factor

TruCare's Ag⁺ RapidHeal Factor is the result of years of research, resulting in a one of a kind formula that contains sub-microscopic positively charged silver particles suspended in an aqueous solution that is known to have effective anti-microbial and healing properties.

Infused with Ag⁺ RapidHeal Factor, TruCare's range of everyday personal care products is designed specifically to eliminate microbes and help accelerate the human body's natural healing process.

Benefits of Ag⁺

- + All-round anti-bacterial protection
- + Relieves gum aches
- + Heals ulcers
- + Eliminates bad breath
- + Strengthens weak enamel
- + Whitens teeth by gently removing stains

TruCare Nano Silver Toothpaste

TruCare's Nano Silver Toothpaste is the ultimate all-in-one oral care solution that contains Ag⁺ RapidHeal Factor. Ag⁺ is known to heal ulcers, gum aches and sore throats within just a few days' use and helps combat microbes and pathogenic organisms that cause bad breath.

Used regularly, it will help accelerate the healing process of ulcers and other oral problems resulting in not only a fresher breath, but also rids your mouth of potentially harmful bacteria.
